

The Use and Impact of Sports Premium at St Austin's RC Primary
School 2015/2016

Growing in Faith Together

Background:

The Government has now pledged to commit funding for its Primary PE and Sport Premium to 2020, in order to improve the provision of physical education and sport in primary schools. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to schools to be spent on improving the quality of sport and PE for all children. All state-maintained schools, academies, middle schools, special schools and pupil referral units which have primary aged pupils (as reported in the 2015 school census) will receive funding.

What impact has this had on our pupils?

- Increase in children's confidence and self-esteem with regards to swimming and water safety.
- All pupils have weekly lessons from a range of specialist sports coaches.
- Teachers have observed specialist sports coaches, allowing them to further improve their own PE teaching.
- An increased number of children are taking part in after school clubs across a variety of different sports.
- There has been an increased participation in school sport competitions.
- Children have developed their confidence and self-esteem.
- Children have developed the skills learnt through regular sporting activity such as social skills, discipline, team work, fair play and resilience.
- Links have been established with other local schools and sports clubs.

Sport Premium Impact Statement 2015-16
